

Milford School is now a **GOLD** TravelWise school.

Last term Zachary and Noah Klein and Blake Scanlan went to an awards ceremony at the Civic Theatre where the students were presented by Mayor Len Brown their Gold TravelWise certificate.

We are very proud to be a Gold TravelWise school. Thank you to the school community who have supported this initiative and have helped us achieve Gold status.

Here are some of the great projects which have led to change in the way we travel to and from school.

- TW working group which includes school principal, lead teacher, student group, parent WSB coordinator and Ak city council coordinator.
- Cyclist declaration form implemented to promote safe wheels.
- Fluro vests distributed to students.
- Ronald McDonald road seat belt safety delivered to students.
- Gumbrella day and TW week promotions with Max the Pukeko visiting on a regular basis.
- TW student group speak and present rewards at assembly for students who participate in TW.
- Council parking officer requested and Principal and other teaching staff at school gate to address safety at the school gate issues e.g. parents driving into school driveway.
- As above – teachers on signalised crossing at front of school gate. School road safety policy updated and implemented.
- New entrant flyer, website TW information, WSB routes promoted and published
- Increase in sustainable and active transport at school. School promotes scooter, cycling, walking, park and walk /scooter, bike, and has 5 WSB routes.

Type survey	Year	Walk	WSB	Cycle	Bus	Family Car	Friend Car	Scooter	Car/walk
